

Joint Activity Policy (6-8-2017)

Joint trips will only be permitted if the other entity has liability insurance.

Proof of the coverage must be obtained by the OCSJ leader.

Participants in overnight activities charging money must be a member of OCSJ or a member of the participating club in the case of a joint trip with another club.

The leader of a joint trip with another club must be a recognized leader of both clubs or have a co-leader who is a recognized leader of the other club.

Our Insurance agent has stated all OCSJ members and members of the other organization involved in the joint activity must sign our Sign In & Waiver form.

If other group has a similar form and requests OCSJ members sign OCSJ members should follow their policy.

The guest policy will still allow a non-member to come on 1 activity before membership is required.
